

Exercise 2: Architecture Overview (Exercise Description)

IBM Professional Series: Architectural Thinking Workshop
IBM Client Education

Version 7

IBM Confidential. © Copyright International Business Machines Corporation 2017. All Rights Reserved.
This document may not be copied distributed or reproduced in whole or in part without the prior written
consent of IBM.

During this exercise you will create an Architecture Overview Diagram.

In creating your AOD, you should consider these points:

- *Who is the intended audience?*
 - Business, IT within the project, IT outside the project...
- *What aspect(s) of the architecture is it addressing?*
 - Functional, Operational, Logical, Physical, Application, Technical...
- *How “good” is it?*
 - Can you understand it? Can you find faults with it?
- *When in the project lifecycle was it drawn?*
 - Day 1, Day 31, Day 101...
- *How long will it be useful for?*
 - A meeting, a week, a lifetime...

THANK YOU
